TESTIMONIALS.

From the judge of Police Court, Concord, N. H.

I have found the Eureka Headache Cure a quick and sure remedy for headache. This cures when everything else fails.

B. E. BADGER.

East Oakland, Cal., Feb. 11, 1892.

Eureka Headache Cure Co.

Please send three doz. boxes, large size, Eureka Headache Cure. We are entirely out of the article. We are having fine weather, yet our customers cry for "Eureka Headache Cure."

Yours, WENTWORTH & SMITH.

Apothecary Hall, 324 Rutherglen Road.

Galsgow, Scotland, Aug. 6, 1891.

This is to certify that a few boxes of the Eureka Headache Cure were sold here to parties suffering from severe headache, and I have much pleasure in stating that in every case they proved to be all they were represented. In three severe cases, giving immediate relief, where other remedies had failed.

A. MAC KAY, Assistant.

MARY E. MUZZEY, TREASURER.

The undersigned, Auditor of the School District Newbury, has examined the accounts of the Treasurer of the School Board, compared her vouchers, cast her figures, and find them correct.

CLARENCE B. CHENEY, AUDITOR.

GENERAL REMARKS.

Under the head of general remarks we will try and give you an outline of school work done in town, thus doing away with individual reports.

Our corps of teachers, which the past year have consisted of eight different ones, two of whom have been males, have, we believe, been faithful to their trust, working in every instance for the good of the pupils, although in some cases perfect satisfaction has not seemed to crown the teacher's efforts, yet, we firmly believe the experience and lessons taught will be looked back to as productive later of good results. A teacher who gives perfect satisfaction in some of our schools would not meet with success if placed in others. I find such diversity of opinions as to what constitutes a really good teacher and school. Some teachers are anxious to cover the greatest amount of study in the allotted time, thereby crowding too much—although in a great many cases the satisfaction of the parents is not guaranteed unless they pursue such a course—others insist on thoroughness and will allow the pupils to advance only as they prove themselves proficient in what they have passed through. The latter teacher has my support every time. We have some home talent in town who have proved very satisfactory teachers. The fault lies somewhat with the pupils: not seeming in a great many cases to understand nor realize what they are sent to school for.

Herein the parents are at fault rather more than the scholars. They (children) should be inspired with the thought that the school-time of life is the time to gain knowledge, to prepare themselves for their career of the future, and consider it a blessing to live under the law that provides free education, free books &c., so that merely the exercising of brain-power is all that is required of the pupils. Some pupils carry the idea that they go to school merely because the law demands it, others to kill time, and still others to learn. We have quite a good number who came for the latter purpose, and are very glad to find it so.

We have the past year closed school in No. 10 and hired the conveyance of the pupils to No. 5, thereby furnishing a better chance for them in attending a larger and more interesting school, besides the benefit of coming in contact with various ideas which one finds in a larger school.

It has been our pleasure the past year to make the acquaintance of a great many of the parents and citizens of the town, and to find that they feel favorably disposed towards us, and in the majority of cases their hearty support has been given us. For this we return thanks. We are also glad of criticisms, feeling that without it the spice of life is left out. Again thanking you for favors, we close this our second annual report.
